

# SHIV INTERNATIONAL

Creating world-class apparel

# Welcome to Shiv International

In the ever-changing world of fashion, Shiv International has earned a worthy reputation for fabrication of high quality garments for domestic and global markets.

Endowed with a passion for fashion and dedication to excellence, we create an attractive range of trendy and affordable clothing for men, women and children. Our skilled and experienced team of designers and craftspersons who have an eye for perfection works to create garments that carry the hallmark of excellence.

Shiv International is the sister concern of Ishu Jobworks which was incepted in 1990. Ishu Jobworks was begun by the visionary Dinesh Tripathi who worked relentlessly to take the venture to great heights.

Today, Shiv International is run by Dinesh Tripathi and his son Vishal. The company is guided by Ms Kamal Jain in its production, marketing and merchandising endeavours. She has rich experience in the industry and has handled reputed brands. Under her mentorship, Shiv International is bound for a bright future.

## **VISION**

To earn the trust of customers through high quality products, responsive service and absolute reliability and thus transform them into long-term clients.

## **MISSION**

To procure, design, fabricate and deliver high quality products with punctuality and cost-effectiveness.

# Our Honorary Team Member

**Mrs. Kamal Jain (Founder)**

Enriched by vast experience of 60 years, Mrs. Kamal Jain heads the Marketing and Merchandising Departments and is our mentor. She has travelled around the world and worked with reputed Labels like C&A, S, Oliver, GAP, J.D Williams, Nutmeg, GEMO and Banana Republic.

# Our Team

**Mr. Vishal Tripathi  
(CFO)**

Young and dynamic Vishal controls the Finances and Administration of Shiv International.

# Our Workflow

1

## Procurement

We source the best quality fabrics and accessories from reputed manufacturers to ensure that the customer is draped in style and quality which instill confidence.

2

## Store

The fabric procured is stored in ideal conditions so that the quality is maintained All fabric is stored for dyeing and printing and the accessories are stored in a uniform manner.

3

## Cutting

Here the fabric is cut according to the prescribed design given by the Designing Team.

# TECHNO PERFECT INFRASTRUCTURE

4

## Production

**This is the backbone of our facility and has futuristic machines and equipment.**

- Juki (Single Needle Lockstitch Machine) Computerized Machine with UBT(Under Bed Trimmer).....200 Nos.
- Juki (Single Needle Lockstitch Machine) with Edge Cutter.....100 Nos.
- Overlock Machine.....100 Nos.
- Flatlock Machine.....50 Nos.
- Juki LK-1903 ANS (Computerized Button Lockstitch Machine).....10 Nos.
- Juki LBH-1790 ANS (Computerized Button Hole M/C Lockstitch).... 10 Nos.

**PRODUCTION CAPACITY**

**60-70 K Pcs.  
Per Month**

5

## Finishing

### The Process

1. Thread Cutting
2. Initial Checking
3. Measurement Checking
4. QA Audit
5. Checking of all minute parameters

### Machines Used

- Steam Generators...02 Nos
- Vacuum Iron Tables with latest steam press technology... 20 Nos.
- Conveyor Type Needle Detector Machine (Order placed)

6

## Sampling

This unit uses Tukatech CAD software fashion technology for:

- Pattern Making
- Grading
- Marking
- Digitization

### Machines Used

- 9-170 I Shark Brand Ultrawide Inkjet Plotter/Cutter 170 c ms, wide.....01.
- Juki Single Needle Lockstitch Computerized Machine with UBT (Under Bed Trimmer)....10 Nos.
- Overlock Machines.....04 Nos
- Press Tables.....02 Nos

# Our Services

## ➤ Innovation-Our Passion
